Livemint

▶ [Tech bubble: this time is different](#)

Fourteen years from the day the Nasdaq index of leading technology shares crashed, bursting the first dotcom bubble, there is fear that a similar hysteria seems to be returning to the markets.

Filippo di Mauro

▶ [Who said that they are too difficult to use for policy?](#)

Recent policy debate has increasingly used a more over-compassing definition of competitiveness, with a special focus on its drivers at the firm level and its impact on growth and productivity.
