▶ [German Investor Sentiment Tumbles To 2-year Low As Eurozone Production Falls](#)

A measure of German investor sentiment declined for a tenth successive month in October to enter the negative territory for the first time in nearly two years, amid expectations that activity in the biggest euro area...

Reuters

▶ [France pushes for investments to boost growth quickly](#)

The French government urged Germany and other European partners on Tuesday to agree a program of investment that would have a quick economic impact rather than just boosting growth in the long run.

▶ [Oil near 2-year low as IEA cuts demand forecast](#)

The collapse in crude-oil prices continued Tuesday, with the U.S. benchmark hitting its lowest level since November 2012 after the International Energy Agency made a further cut to its forecast for demand growth.

Bloomberg

▶ [European Stocks Drop for a Sixth Day on German Sentiment](#)

Evidence that Europe's economic woes are hurting companies' earnings potential and weakening investor confidence sent the region's shares lower for a sixth day, their longest slump in almost three years. U.S. index...

▶ [EU bank deleveraging](#)

Ever since the global financial crisis made it apparent that financial institutions had increased their leverage substantially (Figure 1), bank leverage has faced intense scrutiny.

Biagio Bossone & Richard Wood

▶ [To G-20 Leaders: Urgent Need to Boost Demand in the Eurozone](#)

The G-20 Leaders may well endorse a higher global 'growth target' at the forthcoming meeting in Australia, but they will only pay lip service to this objective if they fail to outline the monetary/fiscal policy...
