The Business Times

▶ [Yen rises amid china growth concerns as US index futures swing](#)

The yen gained against major peers and most Asian stocks retreated after the biggest drop in China's industrial-firm profits in almost four years underscored the slowdown in the world's second-largest economy.

RTT News

▶ [U.S. Dollar Gains Against European Majors](#)

Reversing direction, the U.S. dollar rose against European major counterparts in pre-European deals on Monday.

Reuters

▶ [Asia shares sag on caution, dollar consolidates](#)

Asian stocks sagged on Monday after Wall Street's uninspiring performance on Friday and ahead of key economic indicators, while the dollar consolidated its gains against the yen and euro.

Market Watch

▶ [Oil Markets Start Week on Softer Note](#)

Crude-oil futures edged lower in Asian hours Monday in a shaky start to this week's trading as investors kept a close watch on oil-supply data and key macroeconomic indicators for cues.

▶▶▶ Opinions

Mark Chandler

▶ [Divergence Drivers And The Dollar](#)

The main thrust of our bullish US dollar outlook is the divergence in monetary policy trajectories.

James Picerno

▶ [US spending on the rise, US homes sales, US Dallas Fed](#)

The week kicks off with a slow Monday for economic releases generally, although several US reports will be closely read for assessing the economic outlook at a time of growing concerns about the third quarter.
