China mounts gold liquidity grab as London market reforms

As the London gold market enters its next phase of reform, a sense of urgency is key because competitors, including commodity consuming giant China, are poised with new products to grab liquidity and global influence.

Reuters

Asia stocks near two-month highs on encouraging China data

Asian shares held two-month highs on Monday as a batch of Chinese data showed the economy slowing while still managing to reassure investors it was not in danger of a hard landing.

Bulls' Short Squeeze Continues

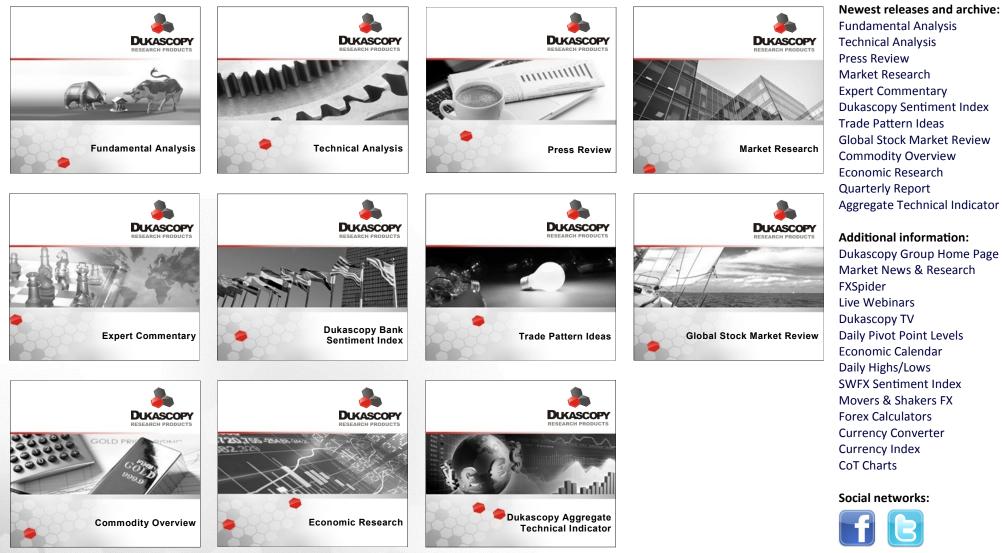

On Friday, bulls continued to squeeze shorts. This time I was thankful not to attack it as a short, but there didn't appear to be a lack of others on the wrong side of the trade.

James Picerno

US housing sentiment builds, US Treasury yields, EURUSD

Monday's a quiet day for economic reports. The main exception: the October update on sentiment in the US home-building industry.
