

TERMS AND CONDITIONS

This document governs the business relation between Dukascopy Europe IBS AS (“**Dukascopy Europe**”) and the “**Client**”. Access to and use of an account and Dukascopy Europe services by the Client are subject to compliance with all terms and conditions set forth hereinafter.

1. Definitions and Interpretation

1.1. In the present Terms and Conditions the following terms shall, unless the context otherwise requires, have the following meanings and may be used in the singular or plural as appropriate:

- (i) “**API**” means an application program interface which allows the Client to access the SWFX Marketplace Trading System;
- (ii) “**Base currency**” shall be the reference currency agreed by the Client and Dukascopy Europe before opening a particular account with Dukascopy Europe;
- (iii) “**Binary Options**” means a type of option offered over-the-counter (OTC) in which the payoff is structured to be either a fixed amount of compensation if the option expires in the money or nothing at all if the option expires out of the money. The success of a binary option is thus based on a yes/no proposition, hence “binary”. A binary option automatically exercises, meaning the option holder does not have the choice to buy or sell the underlying asset;
- (iv) “**CFDs**” means Contracts For Difference offered over-the-counter (OTC), either leveraged or not, at the conditions available from time to time on the SWFX Marketplace Trading System;
- (v) “**Client**” shall mean the account-holder referred to in the heading of these Conditions;
- (vi) “**Communication**” shall mean instructions, orders, documents, logs, trading activity and any other information intended to be addressed to a party by the other;
- (vii) “**Conditions**” shall mean the present Terms and Conditions and any appendices, related to the services of Dukascopy Europe, the use and access of the SWFX Marketplace Trading System and any other website and/or interface provided by Dukascopy Europe;
- (viii) “**Counterparties**” shall mean banks, brokers and/or marketplaces and/or any client or partner of Dukascopy Europe, or Dukascopy Bank SA and its affiliates, participating in the transactions executed on the SWFX Marketplace Trading System;
- (ix) “**FOREX**” or “**FX**” shall mean over-the-counter (OTC) foreign exchange transactions on currencies, either leveraged or not, at the conditions available from time to time on the SWFX Marketplace Trading System;
- (x) “**Liquidity**” shall mean the ability to sell or buy any particular amount of currencies or any other instruments;
- (xi) “**Margin Call**” shall mean a fixation of situation when margin requirements do not allow the Client to increase the total open exposure on his account;
- (xii) “**Margin Cut**” shall mean a fixation of situation when margin requirements force Dukascopy Europe to close part of the Client’s positions or to execute a trade (margin cut trade) for the Client as to reduce the accounts exposure;
- (xiii) “**Market Rules**” shall mean the rules, regulations, customs and practices of any exchange organisation, clearing house or market(place) involved in the conclusion, execution or settlement of a transaction ordered by, or to be carried out on behalf of, the Client and any exercise by any such exchange organisation, clearing house or market of any power or authority conferred to it;
- (xiv) “**Services**” shall mean any services offered by Dukascopy Europe, including without limitation account maintenance and execution of transactions on any and all products available to the Client and at the conditions set forth at any time on Dukascopy’s website and/or the SWFX Marketplace Trading System, including in particular FOREX, Binary options and CFDs;
- (xv) “**SWFX Marketplace Trading System**” shall refer to the software / hardware complex accessible through the website of Dukascopy Europe, including all programs and access points enabling the Client to perform access to the Services (namely trading on FX, in precious metals, CFDs, Binary Options or other Derivatives), such as the trading platform, API, etc;
- (xvi) “**Trading Line**” shall mean an overall exposure limit for the transactions to be executed for the account of the Client, where “exposure” shall mean the total amount of each particular currency owned or due by the Client in its relation to

Dukascope Europe, as determined by Dukascope Europe taking into account the funds prepaid by the Client in the Base currency and the leverage factor determined by Dukascope Europe, if any;

- 1.2. Reference to “currency” or “currencies” throughout these Conditions shall be deemed references to any currency as available at any time for trading on the SWFX Marketplace Trading System, including precious metals or bullion if applicable.
- 1.3. Terms defined herein shall have the same meaning in any and all other documents related to the opening of the Client’s account with Dukascope Europe and deemed to be part of the parties agreement, except if otherwise specified in the relevant document.
- 1.4. References to persons shall include individuals, corporate bodies, unincorporated associations, partner-ships and any other entities. Words denoting a gender shall include all other genders. References to a Section or Sections shall be deemed references to the respective section(s) of these Conditions. Headings and notes herein are for reference only and shall not affect the construction and interpretation of the Conditions.

- 2.4. In case of joint account, where the Client is more than one person, the liabilities set forth under these Conditions shall be deemed to apply to each of such persons taken jointly and severally. However, Dukascope Europe may decide to act upon instructions from, or to enforce its rights against, one of such persons only.

3. Client’s Obligations

- 3.1. The Client shall be obliged:
 - (i) to provide Dukascope Europe with the necessary initial or subsequent assets for the granting of the Trading Line, either by prepayment of the amount agreed with Dukascope Europe and in a currency acceptable to it in the form of a “margin” deposit on the Client’s account with Dukascope, or by providing Dukascope Europe with a bank guarantee in a form acceptable to Dukascope Europe, any other assets which may at Dukascope Europe’s discretion be deposited with third party custodians; the margin requirements as available on Dukascope Europe’s website and as amended from time to time are binding on the parties and apply additionally to these Conditions;

- 6.3. Any actions taken by Dukascopy Europe pursuant to this Section 6 may continue for such a time period as Dukascopy Europe reasonably determines it to be necessary or desirable.
- 6.4. In order for Dukascopy Europe to quote prices with the swiftness normally associated with speculative trading, Dukascopy Europe may have to rely on available price or other information that may later prove to be faulty. In such case, Dukascopy Europe may cancel or adjust the trade with the Client, but shall do so within reasonable time and shall provide the Client with a full explanation for the reason for such cancellation.
- 6.5. The SWFX Marketplace Trading System (including, without limitation, the price feed(s) thereon), its configuration, content and functionality may be modified at any time and at the sole discretion of Dukascopy Bank and its affiliates, including without limitation: (i) the parameters and protocols by which the trading orders are placed, routed, matched or otherwise processed by the SWFX Marketplace Trading System; and (ii) the availability of the SWFX Marketplace Trading System with respect to particular currency pairs or transactions at any particular time or location.

- 7.4. Dukascopy Europe shall be entitled to use and operate with the equity on Clients' account to obtain from third parties such trading lines that are necessary to provide the corresponding Trading Line to the Client.
- 7.5. The Client shall be solely responsible for monitoring and ensuring sufficiency of the prepaid Trading Line amount on his account. The total balance of the Client's account must at all times be in compliance with the minimal levels published on Dukascopy Europe's website with relation to different types of accounts.
- 7.6. In the event that the Client deposits funds into his account with Dukascopy Europe using a credit card payment, the maximum possible deposit amount is limited depending on each currency. These limits are published on Dukascopy Europe's website. The Client shall be solely responsible for ensuring that Client's credit card payments do not exceed abovementioned limits.
- 7.7. The Client agrees that the withdrawal of funds from the account where there is a multi-currency exposure (i.e., while he uses the Trading Line) may result in full or partial closure and settlement of certain and/or all positions in different currencies or instruments. Therefore the Client authorises Dukascopy Europe to partially or fully close at its full discretion any and all multi-currency exposures or active contracts (i.e. Binary Option) of the Client in order to proceed to instructed withdrawal.

8. Remuneration, Operational Premiums, Expenses and Commissions

- 8.1. For the execution of the trading orders of the Client and the maintaining of the Client's multi-currency exposure and margin account(s), Dukascopy Europe shall directly debit a commission from the Client's account(s). The commission varies according to the type of operations performed by Dukascopy Europe. Additional markup may be charged to clients having access to third party software or trading systems.
- 8.2. If commissions charged to the Client are not included in the price of the Services, Dukascopy Europe shall provide online trading history statements mentioning details of the trading operations, account balances and commissions charged. Upon written Client's request, Dukascopy Europe shall provide online account statements where commissions are included in the execution price of each transaction.

9. Use of the SWFX Marketplace Trading System and Client's Instructions

- 9.1. The Client shall access the Services through the SWFX Marketplace Trading System. Trading orders shall normally be submitted using the facilities available on the respective interface. Alternatively, the Client may give trading instructions to Dukascopy Europe by telephone, namely if for any reason he is not able to get access to his trading platform. The Client may request further technical assistance by contacting support@dukascopy.eu.
- 9.2. Dukascopy Europe shall provide the Client with its unique PIN, login and password to enable him to access the SWFX Marketplace Trading System. They allow the Client to use the Services and to communicate with and give instructions to Dukascopy Europe. The Client shall keep those codes secret and protect them against misuse. The Client is required to change his password regularly. He shall be responsible for the loss or misuse of such identification codes and shall bear exclusive liability for any consequence of their use by unauthorised persons.
- 9.3. Anyone accessing the Services or instructing Dukascopy Europe by electronic means or by telephone and identifying himself through such identification codes shall be deemed to be the Client or his authorised representative, without any further clarification from Dukascopy Europe. Dukascopy Europe remains however free to request additional identification elements at any time to verify the Client's identity.
- 9.4. The Client may request Dukascopy Europe to block his identification codes. Such blockage may be revoked by the Client only.
- 9.5. The Client acknowledges the electronic nature of the SWFX Marketplace Trading System which shall be provided strictly on "AS IS" and "WITH ALL ITS FAULTS" basis.
- 9.6. Dukascopy Europe may provide the Client with or allow the Client to make use of certain programming tools to facilitate the planning of the trading activity of the Client. Such tools shall be provided on "AS IS" and "WITH ALL ITS FAULTS" basis. All technical facilities of planning the trading orders shall be provided exclusively for the convenience of the Client at the sole discretion of Dukascopy Europe and shall be used by the Client at its own risk and costs.
- 9.7. The Client and Dukascopy Europe are entitled to use various means of communication, such as telephone, fax, e-mail, internet, application programming interface (API), Skype, and other similar technological solutions for Communications purposes. By sending and receiving Communications to and from Dukascopy Europe through any of these communication means, the client acknowledges and agrees that he may be exposed to inherent risks such as, without limitation, the failure of hardware, software and communications infrastructure (including the Internet). The content of Communications may be altered, not reach their intended recipient or do so much later than intended due to reasons outside the control of the parties, or may be duplicated, disseminated or intercepted by unauthorized parties, and/or reach other persons than the intended recipients. Telecommunication operators may restrict certain services and/or not accept or restrict the transfer of certain data. As a result of any system unavailability, failure or other disruption, orders

may either be not executed according to the Client's instructions or not be executed at all, or may not be placed or amended. Errors, disruptions, unavailability of the means of communication or delays in the transmission may affect trading accordingly. The Client acknowledges all risks described above and all similar risks ("**Telecommunications Risks**") and agrees to use the means of telecommunication at his own risk and of his own volition, assuming full responsibility. The Client confirms that he understands and assumes the risks inherent to the use of the SWFX Marketplace Trading System, programming tools and other electronic communication tools.

- 9.8. The Client releases Dukascope Europe from any liability, in contract or in tort, with regards to any disruption of Communications arising from the materialization of Telecommunications Risks and other risks and circumstances envisaged in section 9.7 above. Dukascope Europe shall not be liable for any direct, indirect, incidental or implied consequences for the Client or any third party attributable to Telecommunications Risks. Under no circumstances will Dukascope Europe be liable for lost profit. Dukascope Europe does not warrant that it will be able to maintain a continuous, uninterrupted link with the Internet, and may not be held liable therefor.
- 9.9. To be considered as valid, each trading order has to be both received and confirmed by Dukascope Europe. Dukascope Europe shall, as applicable, confirm orders received in writing, by e-mail or by phone and verifiably emanating from the Client. The execution of an order implies confirmation of it. Any unconfirmed orders are considered as null and void. Any written confirmation shall clearly indicate that it is a confirmation of previously given instructions; failing such indication, Dukascope Europe shall not be liable for duplicate execution.
- 9.10. Upon receipt and confirmation of a trading order, Dukascope Europe shall make all possible endeavours to execute it in accordance with the terms set out herein. Dukascope Europe will further endeavour to execute Client's instructions received during regular office business opening hours and within reasonable delays.
- 9.11. In the event that the Client places a trading order by telephone due to the unavailability of the trading platform outside of the business hours of Dukascope Europe, Dukascope Europe shall be entitled to amend the confirmation, including the parameters of the order, in the course of the following business day. The Client acknowledges that any confirmation issued over the phone in such an event is not finally binding upon Dukascope Europe.
- 9.12. Dukascope Europe reserves its discretionary right not to execute Client's instructions and to request a written confirmation in original prior to proceeding. Dukascope Europe shall have no liability whatsoever towards the Client or any person arising from such refusal to execute the Client's instructions.
- 9.13. Without so being obliged, Dukascope Europe may request the Client or the Client's authorised attorney, if any, to give such indications which will allow Dukascope Europe to establish the latter's' identity. Except in cases of gross negligence or willful default, Dukascope Europe shall bear no liability on whatsoever ground in case of abuse or falsification by non-authorised third parties of the Client's name, signature, e-mail address or other designation or of the name or signature of any person(s) having signature authority and/or limited or general power of attorney over the Client's account(s).
- 9.14. Dukascope Europe may record and/or protocol all telephone conversations, Internet exchanges (chats), e-mails and meetings between the Client and Dukascope Europe at its discretion, and use such recordings or transcripts of such recordings as evidence vis-à-vis any party (including but not limited to regulatory authorities and courts of law) to whom Dukascope Europe deems it desirable or necessary to disclose such information in the course of any dispute or anticipated dispute involving Dukascope Europe and/or the Client. The Client may nonetheless not rely on the availability of such recordings.
- 9.15. Should the Client wish to withdraw all or part of his funds deposited with Dukascope Europe and/or close his account(s), he shall use the electronic withdrawal request form available in his/her client areas or the "Withdrawal of funds / Closing of account request" form, as available on Dukascope Europe's website, duly completed and signed. The Client shall further be responsible for ensuring that Dukascope has received such form, by contacting Dukascope Europe (e.g. by phone).
- 9.16. If the Client's account is a joint account, the holders' of that account shall be jointly liable. Nevertheless, Dukascope may act upon instructions received from any of them.
