▶ Will China trigger a financial crisis?

Norman Villamin, head of investment services at UBP, says a financial crisis is unlikely because China has sufficient reserves to withstand capital outflows.

Bloomberg

► OPEC Sees Rivals Producing Less Oil

Crude is at 12-year lows and the supply glut shows no signs of drying up any time soon. That's despite OPEC's latest report which forecasts a fall in production from non-OPEC nations.

Here's Why Some Gold Bulls Need A Dose Of Realism

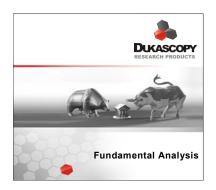

There's a lot right with John Hathaway's recent article titled "An 'Acute Shortage' in Gold Can Boost Prices". There's also a lot wrong with it, beginning with the title.

Robert Samuelson

Why economic growth lags

It's only January, but what may be the year's most important book on economics has already been published.
