► EUR/USD trims losses but remains under pressure

The euro trimmed losses against the U.S. dollar on Friday, but remained under pressure as the European Central Bank's most recent policy statement continued to weigh on demand for the single currency.

RTT News

► Canadian Dollar Retreats After Downbeat Jobs Data

The Canadian dollar retreated from its early highs against its major rivals in European trading on Friday, as the economy unexpectedly shed jobs in February and jobless rate rose to the highest since March 2013.

Copper rises on profit-taking before Chinese data

Copper rose on Friday as funds took profits, reversing bets on lower prices ahead of key economic data from top consumer China, but a stronger dollar limited the gains.

Market Watch

Gold prices dull as dollar, stocks, oil gain

Gold futures retreated from a 13-month high Friday amid an early rise in crude-oil prices as stocks signaled a return of appetite for assets perceived as risky.
