Business Recorder

- ▶ [Wheat slides to 5-week low on forecasts for ample US rains](#)

US wheat dropped to its lowest level in five weeks on Monday, falling for a fifth session out of six, as forecasts for widespread rains across the US Plains over the weekend eased worries about yield losses.

Investing.com

- ▶ [U.S. natural gas futures lower](#)

U.S. natural gas futures were lower in North American trade on Monday as forecasts for mild weather across the Eastern U.S. this week weighed on the demand outlook for the fuel.
