China Daily

▶ [IMF inches up China forecast](#)

The International Monetary Fund (IMF) has slightly revised upwards its 2016 forecast for China, while cutting its forecast for global economic growth this year and next year, partly as a result of the unexpected UK vote to leave the European Union.

Business Recorder

▶ [Export curbs 'in line with WTO rules': China](#)

China insisted its controls over some raw materials exports were legal, after the European Union followed the United States to take it to the World Trade Organisation over the restrictions.

WBP Online

▶ [Turkish Lira Lowest Since September 2008](#)

Remain on the sidelines as there is no clear direction for the Turkish lira in the post-coup turmoil.

Reuters

▶ [Dollar underpinned by strong U.S. data, BOJ easing hopes](#)

The dollar gave up some of its recent gains against the yen on Wednesday, but it held close to four-month highs against a basket of currencies thanks to strong U.S. data and rising expectations that the Bank of Japan will take additional easing steps.

CNBC

▶ [Is the comeback in commodities sustainable?](#)

IMA Asia's Richard Martin says China's stimulus had given the commodities complex a lift but it might not last past 2016.

Bloomberg

▶ [Analysing the Turkish Turmoil Impact on Markets](#)

Apostolos Bantis, director of credit strategy at Commerzbank, discusses the turmoil in Turkey, how it has change his risk view of the country and how a Fed interest rate hike could impact the region.

France 24

▶ [Republicans formally nominate Trump for US presidency](#)

After vanquishing 16 party rivals, warring with much of the Republican establishment and provoking controversy at the party convention, Donald Trump on Tuesday secured the party's 2016 nomination for the White House.

Business Insider

▶ [Populist policies have an economic cost — and Brexit proves it](#)

Populism has become a defining feature of the political landscape on both sides of the Atlantic. And populists succeed by “instilling fear of various real or imagined dangers.”

RTT News

▶ [European Shares Seen Largely Unchanged](#)

Stock futures point a flat open on Wednesday as global equities show signs of fatigue amid concerns about slowing global growth, mixed earnings reports and heightened concerns about global geopolitical risk.

Market Watch

▶ [Crude prices choppy ahead of big supply data](#)

Crude prices were choppy in early Asian trade Wednesday on expectation that U.S. crude inventories contracted last week. However, elevated stocks of fuel products amid slowing demand growth are keeping prices under pressure.

Gary Savage

▶ [Waiting For The Euro To Bottom](#)

I'm just waiting for the euro to confirm a final, intermediate cycle bottom. It's now very late in the timing band at 33 weeks.

Max McKegg

▶ [RBA may move goalposts on inflation target](#)

The Australian dollar has been the biggest loser over the last 24 hours as markets settle on the idea that the Reserve Bank of Australia will cut its 1.75% policy rate by 25 basis points when it meets on August 2.
